George Cary called again to advise that Congressman Nedzi had been in touch with him. A press source of Nedzi's (not identified) has alleged that a former CIA employee, [redacted]

[redacted] is arranging pro-South Korean seminars around the country. Nedzi asked for our comment.

George has checked with Personnel which advises that indeed such an individual worked for us [redacted]. He has advised Tony Lapham; they both agree that Nedzi must be informed, but at the same time be requested not to reveal the facts of [redacted] past affiliation with CIA -- at least until we have the opportunity to review his file.
